Words of Thanksgiving

Communal Litany

Into the freedom of wind and sunshine

ALL : We let you go

Into the quiet of the forests, the open hills,
and the tracks you loved

ALL : We let you go

Into the dance of the moon and planets

ALL : We let you go

Into the wind's breath and the hands of the star maker

ALL : We let you go

And into the sadness and smiles of our memories

ALL : We let you go

Go gently, go with our love,
and may you forever be at peace.

Farewell
